SUMMARY

Greetings,

I would like to share with you some information about Jameer Shafik Maujan, a skilled and detail-oriented Java programmer who is passionate about contributing to innovation in problem-solving and logic building.

Jameer is currently pursuing a Bachelor's degree in Computer Science from the College of Computer Science and Information Technology, and is scheduled to graduate in 2024. With a solid foundation in Java programming and hands-on experience in developing web applications, he has also worked with other languages such as C++, c#.net, Python, HTML, CSS, and JavaScript. Additionally, he is proficient in working with frameworks such as Spring Boot and tools such as Eclipse and Visual Studio Code.

One of Jameer's noteworthy achievements is the development of a dynamic web application, utilizing Java, JSP, Spring Boot framework, MySQL, and hibernate for backend data management. He also implemented a responsive front end using HTML, CSS, and JavaScript.

Overall, Jameer's skills and educational background make him a promising candidate for any organization looking for a dedicated and competent Java programmer.

Thank you for your time.

EDUCATION

Bachelor of Computer Science

Swami Ramanand Teerth Marathwada University

📅 2021 - Present

STRENGTHS

💎 **Flexibility**

I'm a flexible and adaptable worker, always open to learning new things. I believe that being open to change is crucial in today's fast-paced world. I am committed to staying flexible and open to new experiences, which helps me to not only stay current but also to grow both personally and professionally.

👉 **Capability**

I will fulfill all of my job responsibilities and strive to be an exceptional employee for the company.

PROJECTS

Cafe management website

📅 11/2023 - Present   📍 Location

We are currently working on a cafe management website for our academic year project and we are confident in our abilities to develop a dynamic website using Java technology and frameworks. The project is well underway and we are on track to complete it soon. With three dedicated members working on the project, we have distributed tasks effectively to ensure a well-managed and successful outcome.

- What was a successful outcome of your work? (e.g. Raised $3,000 for the charity)
